

PLUMBING

The Clark County Health Department is responsible for the plumbing inspections for the City of New Carlisle. If you are going to do plumbing at your property, please contact them at 937-390-5600, ext 251 to see if a permit is required.

The City offices have a list of the plumbers who have registered with Clark County and are authorized to do work in New Carlisle. Please call 937-845-9492 ext. 23 for this list.

To replace water or sewer line, the line replacement will have to be approved by the Water and/or Sewer Department before covering. Please call 845-3059 for the Water and 845-0814 for Sewer. Please have your permit available for viewing.

Only the City of New Carlisle Personnel are allowed to open and close the water valve at the street.
